

Stock Site Evaluation Project

Mattie Lake

Yosemite National Park
California

National Park Service
U.S. Department of the Interior

Forage Area: Mattie Lake (3026) - The forage area has not been investigated for this site, but there appears to be a meadow on the east side of Mattie Lake.

Annual Grazing Capacity: 12 stock use nights

Mattie Lake

Camp ID: 125

Estimated Location: 285,618mE x 4,201,478mN

Handling Practices: This site location has not been verified. It was included in the list of Operator Specified stock sites, but no stock use has been documented here. It is estimated to be on the north side of Mattie Lake. The access route is unclear. The estimated route starts in Cold Canyon and heads roughly west 2.4 miles to the site. The closest confirmed site is Smokey Jack, which is located approximately 1 mile north of where the access route diverges from the NPS system trail.
